My Commission Expires:

Article VIII, Section 10, is stricken and replaced in its entirety as follows:

[Substantial re-wording of Article XIII - all original language is stricken and replaced with the following:]

**ARTICLE VIII**  
**SPECIFIC PROVISIONS**

~~Section 10. Commercial Trucks, Trailers and Boats. In order to maintain the high standards of the subdivision with respect to residential appearance, no trucks or commercial vehicles, boats, house trailers, boat trailers or trailers of every other description, including campers or any vehicle registered RV shall be permitted to be parked or stored at any place on the Property, nor shall any motor vehicles be parked on any portion of the Property for the purpose of repairing or maintaining the same. If any such repair or maintenance is to be performed, it shall be done within garages. The prohibitions in this section shall not apply to the temporary parking of trucks and commercial vehicles for pick-up, delivery and other commercial services.~~

Section 10. Vehicles.

- (a) Vehicle shall mean any device, regardless of propulsion system employed, in, upon, or by which any person or property is or may be transported, carried or conveyed.
- (b) Restricted Vehicle shall include any of the following:
  - (1) Pickup Truck over ¾ ton load capacity – defined by the United States Department of Transportation as Class 3 and above;
  - (2) Pickup Trucks with more than two tires on the rear axle, or with more than two axles;
  - (3) Cargo Carrier;
  - (4) Trailers of any kind and including any device which connects directly to a vehicle's receiver and has one or more wheels designed to contact a road surface;
  - (5) Tractors;
  - (6) Vessels, which shall include boats, jet-skis, wave-runners, and other watercraft, including kayaks, canoes, and standup paddleboards;
  - (7) Aircraft;
  - (8) Recreational Vehicles, which shall include truck campers, motor homes of all classes, travel trailers (fifth-wheel, gooseneck or otherwise);
  - (9) Commercial Vehicles, defined as any Vehicle, other than marked law enforcement vehicles,
    - i. which contain markings, logos, signs, or other advertisement or identification of a government or commercial activity, for profit or otherwise, and/or,
    - ii. which contain or have tool boxes, equipment, tools, supplies, or otherwise, mounted, attached to or hanging from the vehicle, or protruding from within the vehicle's interior, bed, or cargo compartment, unless same would not be visible by a person six (6) feet in height standing on the crown of the road regardless of the parking orientation of the vehicle;
  - (10) Any Vehicle having permanent adaptations which materially alter the original manufacturing design of any, except that a vehicle will not be deemed a Restricted Vehicle only because it has one of the following items installed to manufacturer's specifications:
    - i. one low-profile, flush-mounted locking box in truck bed;
    - ii. tonneau-style cover;
    - iii. truck cap/topper (at cab height);
    - iv. sport/luggage rack.
  - (11) Any Vehicle which does not literally match a description or category above, but which is similar in design or appearance such that permitting its parking within the Property would not serve the high standards of the subdivision with respect to residential appearance, as determined by the Board of Directors in its sole and absolute discretion.
- (c) In order to maintain the high standards of the subdivision with respect to residential appearance:

- (1) Restricted Vehicles shall NOT be permitted to be visibly parked during evening, nighttime or early morning hours as established from time to time by the Board of Directors ("Restricted Hours") at any place within the Property;
- (2) All other Vehicles, when not in a garage, must be parked on
  - i. paved or concrete areas designated and designed specifically for vehicular parking, or,
  - ii. on the road, but not blocking nor directly across from intersections or driveways.
- (d) A Vehicle's total length may not exceed the length which will permit the Vehicle to be parked in the driveway appurtenant to the lot without encroaching on common areas.
- (e) No Vehicles shall be parked on any portion of the Property for the purpose of repairing or changing fluids in the Vehicle, unless such repair or maintenance is performed completely within garages and not during the Restricted Hours.
- (f) The prohibitions in this section shall not apply to ingress or egress within the Property and shall not apply to the temporary parking of Restricted Vehicles for emergency services and for pick-up, delivery, and other commercial services.
- (g) The provisions of this section may be enforced,
  - (1) by fining pursuant to chapter 720, Florida Statutes;
  - (2) by towing vehicles from Common Areas; and,
  - (3) by seeking any and all monetary, legal, equitable, including injunctive, or declaratory relief, available to the Association, including administrative or judicial remedies under the Florida Statutes, including chapter 720 (Homeowners Associations), chapter 86 (Declaratory Judgment Act), and the Florida Administrative Code.
- (h) The Association shall be entitled to recover from an owner and/or tenant its costs and reasonable attorney's fees, including fees those incurred pre-suit, in mediations and arbitration, and in proceedings before administrative bodies or courts, at both trial and appellate levels.
- (i) The Board of Directors, in its sole and absolute discretion and subject to the Declaration, Articles and By-Laws, may
  - (1) waive portions or all of this section for unforeseen or disaster-type events;
  - (2) establish reasonable rules, definitions, and guidelines to enforce this section, and otherwise regulate the vehicular use of walkways, roads, parking lots and other Common Areas;
  - (3) permit, upon prior written request to the Board of Directors or its designated agent, Recreational Vehicles parked for loading/unloading for periods not to exceed 48 hours.
