## ***President's Message***

**Dear Friends and Neighbors,**

Let those April showers begin and bring back the green lawns.

The Hotwire transition is going well, all exterior installations are done and the interior connections are 65% done. For those who have not yet contacted Hotwire you need to do so before they will make your installation. They are at the clubhouse all week to schedule. Those who do not get installed by the May deadline will loose out on promotional additions and will have to make other arrangements for TV service.

Also note in this newsletter, for those having issues or just want to become proficient with your new remote, there is a training session at the clubhouse on May 9th.

We will be updating the Directory, information is also included in this publication.

The clubhouse improvements are underway and hope to have completed this month. Sharing a unisex bathroom is a small inconvenience for a big improvement.

**Bob Upson- President LLHOA**

Estimados amigos y vecinos:

Que comiencen las lluvias de abril y recuperen el verde del césped.

La transición de Hotwire va viento en popa: todas las instalaciones exteriores están terminadas y las conexiones interiores están al 65 %. Si aún no se han puesto en contacto con Hotwire, deben hacerlo antes de que realicen su instalación. Estarán en la casa club toda la semana para programar la instalación. Quienes no tengan la instalación antes de la fecha límite de mayo perderán las promociones y tendrán que gestionar el servicio de televisión.

También les informamos en este boletín que, para quienes tengan problemas o simplemente quieran familiarizarse con su nuevo control remoto, habrá una sesión de capacitación en la casa club el 9 de mayo.

Actualizaremos el Directorio; también se incluye información en esta publicación.

Las mejoras en la casa club están en marcha y esperamos que finalicen este mes. Compartir un baño unisex es una pequeña molestia para una gran mejora.
