ADDITIONS AND ALTERATIONS

As provided in the Declaration, no Owner shall make any improvement, addition or alteration to such Owner's Lot or the exterior of such Owner's Home without the prior written approval of the Architectural Control Committee ("Committee") and a security deposit in an amount determined by the Board to cover incidental damages caused to Association Property or to an adjacent Lot or Home by virtue of such Owner's construction of improvements, additions, or alterations to such Owner's Lot or the exterior of the Home. All requests for Committee approval of any Improvement (as defined below) must be on the form designated for this purpose by and available from the Association. No changes shall be commenced until such time as the Owner is in receipt of written approval from the Committee.

ARCHITECTURAL CONTROL COMMITTEE ("COMMITTEE"):

All exterior improvements, additions, modifications, decorations or alterations to the Lot or Home (the "Improvement") shall be reviewed by and have written approval given by the Committee. The Committee shall require the submission of plans and specifications showing the materials, color, structure, dimensions and location of the proposed Improvement in sufficient detail to assure compliance with any criteria established for approvals. Submissions shall be accompanied by justification or reasoning for the Improvement and the security deposit, if any, required by the Board to cover the costs of incidental damage caused to Association Property or to an adjacent Lot or Home by virtue of an Owner's construction of improvements, additions or alterations to such Owner's Lot or exterior of the Home. Notwithstanding any criteria established, the Committee shall in its discretion determine whether the Improvement shall be in harmony with or detrimental to the appearance of the Community. The Committee shall approve or disapprove the request within 45 days from receipt of all requested submission plans and materials. In the event the Committee fails to approve or disapprove a request in writing within 45 days of receipt of all requested plans, materials and information, unless a request is specifically deferred, the request shall automatically be deemed disapproved. The Committee shall employ the following minimum criteria for approval or rejection of requests:

- (i) Uniformity of type and design in relation to similar improvements.
- (ii) Comparability of quality of materials as used in existing improvements.
- (iii) Uniformity with respect to color, size and location.
- (iv) Consistency with municipal requirements.

If approved by the Committee, all construction shall be subject to the terms and conditions set forth in the Committee's approval, the Valencia Bonita Documents, the Rules and Regulations, and any applicable Governmental Requirements, including, without limitation, obtaining all proper permits.

ADDITIONAL GUIDELINES FOR ADDITIONS AND ALTERATIONS

Without limiting the generality of the criteria included on Page 3 of these Rules and Regulations and without curtailing the right of the Committee or the Board in rejecting certain requests or employing judgment in evaluating requests, the following guidelines shall be considered when evaluating requests for Improvements. Note that, even in the event of strict compliance with the following guidelines, prior approval from the Committee shall be required for each and every of the following items:

1. **Painting.** The painting, staining or varnishing of the exterior of the Home, including doors and garage doors, may be approved only if the colors and style are consistent with existing improvements. Declarant's original paint color schemes provided to its original purchasers shall be the basis for determining consistency with existing improvements. No Home shall have the same exterior color scheme as either of the homes placed next to it whose front elevation is on the same street frontage. Except for touch-up, maintenance and/or repairs, the Owner of a Twin Villa shall not be permitted to paint any portion of the exterior of their respective Homes and any such painting shall be the same color as the other portion of the Twin Villa building.
2. **Metal or Aluminum Roofs.** Metal or aluminum roofs shall not be permitted.
3. **Temporary Structures.** No tents, trailers, shacks, utility sheds or other temporary buildings or structures shall be constructed or otherwise placed on a Lot.
4. **Antennae.** No antennae, microwave receiving devices, satellite receiving devices, aerials or ham radios shall be placed or erected on any Lot, within any Home or upon any other portion of the Community, except to the extent applicable law requires the Association to permit any such device, in which case such improvement shall be subject to all of the other requirements of the Valencia Bonita Documents and the Committee to the maximum extent permitted by law. Satellite dishes which are reasonable in size (such as one (1) meter (39.37 inches) or less in diameter) may be approved, subject to any rules adopted by the Association relating to the location and effectiveness with respect to concealing their appearance from adjacent lots and rights of way.
5. **Driveways.** Approval for the widening of driveways may be considered if the width shall be no wider than the outside width of the garage and only if finished with material of a selection, color and style consistent with the original installation. Approval for the refinishing of driveways with brick pavers may be approved only if the colors and styles are consistent with existing improvements and it does not interfere with any existing utilities, as determined by the Association. Owner assumes the responsibility for continued maintenance, repair and replacement of the extended driveway. Declarant's original brick paver schemes provided to its original purchasers (on either a standard or optional basis) shall be the basis for determining consistency with existing improvements.
6. **Screen Enclosures.** Approval for screen enclosures shall be limited to aluminum frame structures which are bronze color only and screen meshes on the enclosure which are a standard dark color (e.g. charcoal, bronze or black). Kick plates may be approved which are no taller than 24" above the patio deck. Glass panels or obscure screen materials shall be prohibited. No enclosures shall be permitted at the front entries if the proposed structure extends beyond the face of the covered entry, except where functionality of the front door of the home is affected, in which event the enclosure may be extended, but only to the extent the enclosure is no more than 48" from the front door of the Home. No aluminum or flat roofing material shall be permitted. Either the existing roof line may be extended or a screen enclosure may be installed if approved by the Committee. The composition of all pitched roofs shall be consistent with the composition of the existing roof of such home.
7. **Awnings.** An Owner shall not install or attach any awnings to such Owner's Home without the prior written consent of the Committee. The Committee shall have the right to adopt, and amend from time to time, guidelines governing the type, design, size and color of awnings which may be permitted, and restrictions relating to locations and the maintenance of the awnings.
8. **Exterior Lighting.** Except for seasonal decorative lights, which may be displayed between Thanksgiving and January 31 only, all exterior lights must be approved by the Committee. Approval may be given for lighting fixtures (e.g. coach lights and entry chandeliers), subject to limited wattage, fixture sizes which are to scale with others in Community and fixture styles which are consistent with others in the Community. Homes within the Exterior Lighting Restricted Zone (as defined in the Declaration) shall not have exterior lightening projected towards preserve land and shall be low wattage, shielded and permanently directed downward. No flood or spot lights shall be installed in the Exterior Lighting Restricted Zone. Homes not in the Exterior Lighting Restricted Zone shall have all flood or spot lights installed on the Home directed downward.
9. **Above Ground Swimming Pools and Spas.** Above ground swimming pools shall not be permitted. Above ground spas shall not be permitted unless: (i) the entire spa is located under a covered patio area of the Home, or (ii)

Certain fountains may be considered for approval if installed with timers and if to scale within the area of installation. Approved fountains may only be installed in the rear yard of an Owner's Lot, but in no event in a manner which obstructs or interferes with the view of a Lake by an adjacent Lot Owner in a material way. Approved fountains may be installed only in landscaped regions of the Lot originally created by Declarant. No fountain shall be approved or installed which exceeds 48" in height. Fountains shall only be permitted to run between the hours of 8:00 a.m. and 11:00 p.m. No exterior sculptures shall be permitted.

The Drainage Swale Easement shall be for drainage and flowage of storm water runoff, and the pipes and other ancillary equipment installed to provide for such drainage and flowage. Notwithstanding the foregoing, subject to approval from the Committee, an Owner of a Non-Lake Lot that is subject to the Drainage Swale Easement may install a fence within the Drainage Swale Easement on such Owner's Non-Lake Lot provided that such fence is constructed in a manner that will not discharge storm water runoff from such improvement onto any adjacent property (including, without limitation, any adjacent Owner's Lot or Association Property).
18. Rear Yard Landscape Easement. No landscaping or plantings installed by Declarant may be removed from the Rear Yard Landscape Easement. Any dead, dying or decaying sod, trees, shrubs, landscaping and other plant materials within the Rear Yard Landscape Easement, for any reason whatsoever, shall be the obligation of the Owners of the Lots upon which such replacement is required and must be approved by the Committee prior to such replacement.
19. Review and Inspection Fees. The Committee may set, establish and charge fees ("Review and Inspection Fees") for, among other things, processing Owner's request for proposed Improvements, review of the plans

The Committee may require such Review and Inspection Fees be paid in advance (i.e., at the time of submission of the Owner's application). In the event any Review and Inspection Fees remain unpaid by an Owner, in addition to the other rights of the Association, the Committee shall have the right, at its option, to: (i) not release the security deposit described below until all Review and Inspection Fees have been paid, or (ii) deduct all unpaid Review and Inspection Fees from any security deposit required to be paid by such Owner. In addition (and in addition to any other remedies under and pursuant to the Valencia Bonita Documents for a failure of an Owner to perform Owner's obligations), if any Review and Inspection Fees are not paid by an Owner, the Board may levy an Assessment against such Owner for such unpaid Review and Inspection Fees, and said Assessment shall constitute a lien upon the applicable Lot and Home with the same force and effect as liens for Operating Expenses.

20. Security Deposit and Insurance. Any Owner desiring to make Improvements may be required by the Committee, depending upon the Improvements being requested and the manner of installation of such Improvements, to provide to the Committee, at the time of the Owner's submission of plans and specifications for review and approval by the Committee: (a) a security deposit in an amount determined by the Board (initially, Five Thousand and No/100 (\$5,000.00) Dollars) to cover costs of incidental damage caused to Association Property or to an adjacent Lot or Home by virtue of such Owner's construction of Improvements and/or (b) a certificate of insurance from the contractor and/or subcontractor which shall include: (i) general liability insurance for a minimum of one (1) million dollars and name Valencia Bonita Homeowners Association, Inc. as an "Additional Insured", and (ii) workers compensation or a state of Florida workers compensation exemption. Without limiting the generality of the criteria included in these Rules and Regulations and without curtailing the right of the Committee or the Board in rejecting certain requests or employing judgment in evaluating requests, the following guidelines shall be considered when evaluating requests for a permanent emergency generator and any underground propane storage tank and other appurtenances applicable to the permanent generator (collectively, a "Generator System"). With the application for installation of a Generator System, the Owner shall be required to submit a survey to the Committee showing the general location and placement of all components of the Generator System, including any underground propane storage tank. The survey shall depict (i) the location of all components of the Generator System including, without limitation, the storage tank and the distances from the Home on the Lot and the Home(s) adjacent to the Lot on the side(s) where the Generator System or any portion thereof is to be installed, (ii) the size and layout of the slab that the physical generator will be installed on, (iii) the location of all easements and applicable setbacks affecting the Lot to show that no portion of the Generator System encroaches thereon, and (iv) the location and size and species of any screening to be installed to screen the above-ground portions of the Generator System as required below.
3. Screening. Generators shall at all times be screened from view by all adjacent Lot Owners and from the street. Screening may include the use of fences, walls or hedges, or a combination thereof, as determined by the Committee. Owner shall be required to submit a landscaping/screening plan to show proper screening of the Generator. Owner shall be responsible to maintain, repair and replace from time to time any fence, wall and/or hedges which may be approved as part of the screening requirements for the Generator System.

In that regard, all approvals for a Generator System shall require the Owner to obtain all necessary building permits and other approvals required by the Governmental Requirements. Regardless of an approval by the Committee, no Generator System may be installed or used without such building permits and approvals. No portion of an Owner's Security Deposit shall be returned to an Owner unless and until evidence satisfactory to the Committee of such compliance with Governmental Requirements has been delivered to the Committee.
5. Underground Propane Tanks and Plumbing. A licensed and insured LP gas contractor must be used to install any underground propane tank and any necessary plumbing.

8. Limitations. Not all Lots in the Community may be able to have Generator System installed thereon due to, among other things, the Governmental Requirements, applicable setback requirements, location of easements and the configuration of the Lot. RULES AND REGULATIONS

MAINTENANCE AND APPEARANCE OF HOMES

1. General. Each Owner shall keep and maintain such Owner's Home and Lot in good order, condition and repair, and shall perform promptly all maintenance and repair work within the Home and Lot which, if omitted, would adversely affect the Community, other Owners or the Association. Maintenance obligations are more fully defined in the Declaration.
2. Personal Property. The personal property of an Owner shall be stored inside such Owner's Home or garage and not be visible to surrounding neighbors or from Association Property.
3. Hurricane Season. Each Owner who plans to be absent from such Owner's Home during the hurricane season shall prepare such Owner's Home and Lot prior to departure by removing all furniture, potted plants and other movable objects, if any, from the covered patio or screen enclosure area and from the outside of the Home. The Owner shall also designate a responsible firm or individual satisfactory to the Association to care for the Home and Lot should it suffer hurricane damage and shall furnish the Association with the name of the designated firm or individual.
4. Hurricane Shutters. No hurricane shutters shall cover window or door openings except during periods of a hurricane watch or a hurricane warning that impacts the Community. Any removable tracks which have been installed by Declarant or approved by the Committee as part of a hurricane shutter package shall not remain installed on a Home other than during periods of a hurricane watch or a hurricane warning. An Owner shall remove any removable type of hurricane shutters attached to the Home immediately after a hurricane watch or a hurricane warning has been lifted. In that regard, if an Owner installs removable hurricane shutters on the Home during a hurricane watch or a hurricane warning and thereafter leaves the Home, that Owner must either: (a) immediately return to the Home after the hurricane watch or hurricane warning has been lifted and remove such hurricane shutters from the Home; or (b) make arrangements for another individual to remove such hurricane shutters from the Home immediately after the hurricane watch or hurricane warning has been lifted. The installation of hurricane shutters, other than those provided by Declarant (if any), shall require Committee approval.
5. Window Decor. Window treatments (drapery, blinds, decorative panels or other tasteful window coverings) are permitted, however, the color of any portions of a blind, decorative panel or window treatment which are visible from the exterior of the Home must be neutral and otherwise consistent with the color scheme of the existing improvements. No newspaper, aluminum foil, sheets or other temporary window treatments are permitted, except for periods not exceeding two (2) weeks after an Owner first moves into a Home, or when permanent window treatments are being cleaned or repaired.
6. Landscape Material. No trees, shrubbery or landscaping shall be removed from, altered or added to Lots without the prior written consent of the Committee, including, without limitation, from any Rear Yard Landscape Easement. No additional trees, shrubbery or landscaping are permitted to be planted by an Owner on the Lot without the prior written consent of the Committee.
7. Landscaping on Lake Lots. Any plans for landscape improvements or alterations shall be submitted for approval to the Committee. No landscaping shall be installed on Lake Lots which shall materially interfere with the view of the lake by the immediate neighbor who is also a Lake Lot Owner. Approval by the Committee for landscaping on a Lake Lot may be conditioned upon the Owner agreeing to trim such hedge(s) should the hedge(s) later be found to create a material obstruction of a lake view. In the event the Owner fails to trim the obstructing hedge(s) within fourteen (14) days following receipt of written notice by the Association to do so, then the Association shall have the right, but not the obligation, to trim such hedge(s). The costs associated with such hedge trimming performed by the Association will be charged as an assessment against the Owner's Lot.
8. Alteration of Drainage. No sod, top soil, fill or muck shall be removed from Lots without the prior written consent of the Committee. No change in the condition of the soil or the level of land shall be made which would result in any permanent change in the flow or drainage of surface water within the Community or on the Lot.
9. Air Drying. No linens, cloths, clothing, curtains, rugs, mops, laundry of any kind or other articles shall be hung, dried or aired from any window, door, fence or balcony, or in such a way as to be visible to any other Owner. Clotheslines may be approved if reasonable in size, style, location and effectiveness with respect to appearance from adjacent lots and rights of way.
10. Basketball Hoops. No permanent basketball hoops are permitted to be installed on the Lot.
