Weed control, turf			X								X	
Ficus Whitefly Treatment			X						X			
Grass cutting: cuts per month	2	2	3	4	4	4	4	4	4	3	2	2

Canopy (hardwood) trees are trimmed once per year in the spring. Palms (excluding self-pruning varieties and shrub sized palms) are trimmed twice yearly, spring and fall. Shrubs (common area and each lot, a/c unit forward) are trimmed once per month. Regular grass cutting day is on Monday. Sprinkler systems are checked six times per year on a rotating schedule. All service schedules are weather permitting.
