

TUSCANY PROPERTY OWNERS ASSOCIATION, INC.
AMENDED RULES AND REGULATIONS

Amended as of May 11, 2020

GENERAL

These Rules and Regulations are designed for the mutual benefit of all Owners. All Rules and Regulations shall apply to and be binding upon all Owners. Notwithstanding the foregoing, the Rules and Regulations shall not apply to Declarant or Declarant's agents, employees or contractors or to Lots or Homes owned by Declarant until they are conveyed to Owners. All initial capitalized terms used herein, but not defined, shall have the meaning given to such terms as set forth in the Amended and Restated Declaration of Covenants, Restrictions and Easements for Tuscany ("Declaration").

1. **Responsibility.** With respect to compliance with the Rules and Regulations, an Owner shall be held responsible for the actions of such Owner, his or her family members, guests, invitees, tenants, contractors and other persons for whom such Owner is responsible, as well as for the actions of persons over whom such Owner exercises control and supervision.
2. **Observance of Governmental Requirements.** All applicable federal, state, municipal or county ordinance, rule, statute or code or any other applicable laws or regulations (collectively, "Governmental Requirements") shall be observed. Violations of any Governmental Requirements relating to the Association Property or any Lot or Home shall be corrected by, and at the sole expense of, the responsible Owner and, as appropriate, the violator.
3. **Improper Use.** No improper, hazardous or unlawful use shall be made of the Association Property or any Home or Lot.
4. **Nuisance.** No obnoxious activity shall be carried on at any Home or Lot or in or about any portion of the Community. Nothing shall be done which may be an unreasonable annoyance or a nuisance to any other Owner or which interferes with the peaceful possession or proper use of the Homes or the surrounding areas. Nothing shall be done within the Association Property or any Home or Lot which tends to cause embarrassment, discomfort or unreasonable annoyance or nuisance to any Owner or Owner's family members, guests, invitees and tenants using any portion of the Community.
5. **Disturbance.** No loud noises or noxious odors shall be permitted. None of the following shall be located, used or placed on any Lot or inside any Home, or exposed to other Owners without the prior written approval of the Board of Directors (the "Board"): (a) horns, whistles, bells or other sound devices (other than security devices used exclusively for security purposes); (b) noisy vehicles, power equipment, power tools or off-road motor vehicles; or (c) any items which may unreasonably interfere with television or radio reception. Owners shall not operate radios, televisions, musical instruments or any other noise producing items at times or at volume levels which shall disturb others.
6. **Violations.** Violations of any Rule or Regulation shall subject the responsible Owner and/or violator to any and all remedies available to the Association pursuant to the Declaration, the Rules and Regulations or Chapter 720 of the Florida Statutes ("the HOA Act"). All violations of any of the Rules and Regulations should be reported immediately to the Board or its designees. Violations shall be called to the attention of the responsible Owner(s) and, as appropriate, the violator(s) by the Board or its designees in writing. Disagreements concerning violations shall be presented to and be ruled upon by the Board or its designees in accordance with the Declaration and the HOA Act.
7. **Enforcement.** Failure of an Owner to comply with any Rule or Regulation adopted by the Association shall be grounds for action which may include an action to recover sums due for damages, injunctive relief or any combination thereof. In addition to all other remedies for failure to comply with any Rule or Regulation, the Association may suspend any or all of the rights of an Owner or an Owner's tenants, guests or invitees to use the Association Property and facilities (including, without limitation, the Recreational Areas (as hereafter defined)) as provided in the Declaration. In any actions, the Association shall be entitled to recover any and all court costs incurred by it, together with reasonable attorney's fees, against the responsible Owner(s) and, as appropriate, any violator(s). In addition, and in the sole discretion of the Board, fines may be imposed upon an Owner for failure to comply with any Rule or Regulation. Procedures for the impositions of fines are spelled out in the Declaration.
8. **Revocation.** Any waivers of the Rules and Regulations and/or consents or approvals in violation of the Rules and Regulations given by the Board shall be revocable at any time and shall not be considered as a waiver, consent or approval of identical or similar situations unless set forth in writing by the Board.
9. **No Amendment.** The Rules and Regulations contained in this document do not amend any provision of the Declaration. In the event of conflict between the two, the provisions of the Declaration shall prevail.
10. **Further Amendment.** The Board reserves the right to amend, clarify or alter these Rules and Regulations at any time.
11. **Restricted Use of Association Property and Recreation Tracts.** As provided in the Declaration, Owners of Lots in Pod C-2 (as shown in the Project Conceptual Plan attached to the Declaration) and their family members, occupants, guests and invitees shall not have the right (except as a guest or invitee of an Owner of a Lot in Pod A) to use, and shall not use, any of the Association Property or Improvements thereon now or hereafter constructed on or located

within Pod A (including, without limitation the Recreation Tract in Pod A), and Owners of Lots in Pod A (as shown in the Project Conceptual Plan attached to the Declaration) and their family members, occupants, guests and invitees shall not have the right (except as a guest or invitee of an Owner of a Lot in Pod C-2) to use, and shall not use, any of the Association Property or Improvements thereon now or hereafter constructed on or located within Pod C-2 (including, without limitation the Recreation Tract in Pod C-2). AMENDED RULES AND REGULATIONS

ADDITIONS AND ALTERATIONS

As provided in the Declaration, no Owner shall make any improvement, addition or alteration to his Lot or the exterior of his Home without the prior written approval of the Architectural Control Committee ("ACC") and, if required, a security deposit in an amount determined by the Board to cover incidental damage caused to Association Property or to an adjacent Lot or Home by virtue of such Owner's construction of improvements, additions, or alterations to such Owner's Lot or the exterior of the Home. All requests for ACC approval of any Improvement (as defined below) must be on the form designated for this purpose by and available from the Association. No changes shall be commenced until such time as the Owner is in receipt of written approval from the ACC.

ARCHITECTURAL CONTROL COMMITTEE:

All exterior improvements, additions, modifications, decorations or alterations to the Lot or Home (the "Improvement") shall be reviewed by and have written approval given by the ACC. The ACC shall require the submission of **the approved Request for Architectural Review ("ACC Application") along with:** plans and specifications showing the materials, color, structure, dimensions and location of the proposed Improvement in sufficient detail to assure compliance with any criteria established for approvals. Submissions shall be accompanied by justification or reasoning for the Improvement and the security deposit, if any, required by the ACC to cover the costs of incidental damage caused to Association Property or to an adjacent Lot or Home by virtue of an Owner's construction of improvements, additions or alterations to such Owner's Lot or exterior of the Home. Submissions shall also be accompanied by any Review and Inspection Fees and/or Drainage Review Fee required by the ACC. Notwithstanding any criteria established, the ACC shall in its discretion determine whether the Improvement shall be in harmony with or detrimental to the appearance of the Community. The ACC shall approve or disapprove the request within 45 days from receipt of all requested submission plans and materials. In the event the ACC fails to approve or disapprove a request in writing within 45 days of receipt of all requested plans, materials and information, unless a request is specifically deferred, the request shall automatically be deemed disapproved. The ACC shall employ the following minimum criteria for approval or rejection of requests:

- (i) Uniformity of type and design in relation to similar improvements.
- (ii) Comparability of quality of materials as used in existing improvements.
- (iii) Uniformity with respect to color, size and location.
- (iv) Consistency with municipal requirements.

If approved by the ACC, all construction shall be subject to the terms and conditions set forth in the Declaration, the Rules and Regulations, and all Governmental Requirements, including obtaining all proper permits.

Owner must commence the approved Improvement within ninety (90) days of the date of ACC approval issued by the committee. If the Improvement is not commenced within ninety (90) days, the ACC's approval shall expire, and Owner must resubmit all required documents and fees outlined herein, and await approval by the ACC to commence the Improvement. If Owner fails to obtain updated ACC approval following expiration of the ninety-day period and commences any construction and/or Improvement thereafter, then Owner shall be in violation of the Amended Rules and Regulations and subject to fine(s) as set forth in the Declaration, these Amended Rules and Regulations, and governing documents.

ADDITIONAL GUIDELINES FOR ADDITIONS AND ALTERATIONS

Without limiting the generality of the criteria included on Page 2 of these Rules and Regulations and without curtailing the right of the ACC or the Board in rejecting certain requests or employing judgment in evaluating requests, the following guidelines shall be considered when evaluating requests for Improvements. Note that, even in the event of strict compliance with the following guidelines, prior approval from the ACC shall be required for each and every of the following items:

1. **Painting.** The painting, staining or varnishing of the exterior of the Home, including doors and garage doors, may be approved only if the colors and style are consistent with existing improvements. Declarant's original paint color schemes provided to its original purchasers shall be the basis for determining consistency with existing improvements, but shall not be the sole basis. For example, the ACC may permit Owners to stain or varnish their doors and garage doors, or replace same with wood or wood-like products notwithstanding such stain or varnish colors and/or wood or wood-like products are not provided by Declarant to its original purchasers.
2. **Metal or Aluminum Roofs.** Metal or aluminum roofs shall not be permitted.
3. **Temporary Structures.** No tents, trailers, shacks, utility sheds or other temporary buildings or structures shall be constructed or otherwise placed on a Lot.
4. **Antennae.** No antennae, microwave receiving devices, satellite receiving devices, aerials or ham radios shall be placed or erected on any Lot, within any Home or upon any other portion of the Community, except to the extent applicable law requires the Association to permit any such device, in which case such improvement shall be subject to all of the other requirements of the Declaration, the Rules and Regulations and the ACC to the maximum extent permitted by law. Satellite dishes which are reasonable in size (such as one (1) meter (39.37 inches) or less in diameter) may be approved, subject to any rules adopted by the Associations relating to the location and effectiveness with respect to concealing their appearance from adjacent lots and rights of way.
5. **Driveways.** Approval for the widening of driveways may be considered if the width shall be no wider than the outside width of the garage. Approval for the refinishing of driveways with brick pavers may be approved only if the colors and textures are consistent with existing improvements, the Owner assumes the responsibility for continued maintenance and it does not interfere with existing utilities, as determined by the Association. Declarant's original brick paver schemes provided to its original purchasers (on either an optional or standard basis) shall be the basis for determining consistency with existing improvements.
6. **Awnings.** An Owner shall not install or attach any awnings to the Home.
7. **Lighting Fixtures.** Approval may be given for lighting fixtures (e.g. coach lights and entry chandeliers), subject to limited wattage, fixture sizes which are to scale with others in Community and fixture styles which are consistent with others in the Community.
8. **Above Ground Swimming Pools.** Above ground swimming pools shall not be permitted.
9. **Exterior Lighting.** Except for seasonal decorative lights, which may be displayed between Thanksgiving and January 31 only, all exterior lights must be approved by the ACC.
10. **Play Equipment.** Permanently installed play equipment which is of a common playground type designed for children may be approved. No equipment shall be permitted within lake maintenance, utility, drainage or access easements, except basketball hoops in the driveway areas. All basketball hoops and backboards in front yard areas shall be permitted on a pole in the driveway only at a location which is no closer than midway between the garage door and the front property line.
11. **Conversions of Garages.** Conversions of garages to air conditioned space shall not be permitted.
12. **Review and Inspection Fees.** The ACC may set, establish and charge fees ("Review and Inspection Fees") for, among other things, processing Owner's ACC applications and review of the plans and specifications for proposed Improvements and inspection of the Improvements constructed by an Owner, which review and inspection may be performed by third parties. The ACC may require such Review and Inspection Fees to be paid in advance (i.e., at the time of submission of the Owner's application). In addition, if any proposed improvements are requested to be placed in the Rear Yard Drainage Swale Easement, a separate engineering review fee will be required to be paid to cover, among other things, a review of the plans and specifications and the Improvements to determine the impact on the drainage for the Lot ("Drainage Review Fee"). In the event any Review and Inspection Fees or Drainage Review Fee remain unpaid by an Owner, the ACC shall have the right, at its option, to: (i) not release the security deposit described in paragraph 13 below until all fees have been paid, or (ii) deduct all unpaid fees from any such security deposit paid by Owner. In addition (and in addition to any other remedies under and pursuant to the Tuscany

Documents for a failure of an Owner to perform Owner's obligations), if any Review and Inspection Fees or Drainage Review Fee are not paid by Owner, the Board may levy an Assessment against such Owner for such unpaid fees and said Assessment shall constitute a lien upon the applicable Lot and Home with the same force and effect as liens for Operating Expenses.

13. Security Deposit. Any Owner desiring to make Improvements may be required by the ACC, depending upon the Improvements being requested and the manner of installation of such Improvements, to provide to the ACC, at the time of the Owner's submission of plans and specifications for review and approval by the ACC, a Five Thousand Dollar (\$5,000.00) security deposit to cover, among other things, costs of incidental damage caused to Association Property or to an adjacent Lot or Home by virtue of such Owner's construction of Improvements. The ACC shall have the sole and absolute discretion to determine whether a security deposit is required for the Improvements being requested.

**ADDITIONAL GUIDELINES FOR ADDITIONS AND ALTERATIONS FOR
OPEN PATIOS, SCREEN ENCLOSED PATIOS AND POOL DECKS**

Without limiting the generality of the criteria included on Page 2 of these Rules and Regulations and without curtailing the right of the ACC or the Board in rejecting certain requests or employing judgment in evaluating requests, the following guidelines shall be considered when evaluating requests for open patios, screen enclosed patios and pool decks. Note that, even in the event of strict compliance with the following guidelines, prior approval from the ACC shall be required for each and every screen enclosure installation:

1. Approval for screen enclosures shall be limited to aluminum frame structures which are bronze.
2. Approval for screen enclosures shall be limited to screen meshes on the enclosure which are a standard dark color (e.g. charcoal, bronze or black).
3. Kick plates may be approved which are no taller than 24" above the patio and/or pool deck.
4. Obscure screen materials shall be prohibited.
5. No enclosures shall be permitted at the front entries.
6. No aluminum or flat roofing material shall be permitted. Either the existing roof line may be extended or a screen enclosure may be installed if approved by the ACC.
7. Open patios, screen enclosed patios, pools and pool decks must maintain the following setbacks and in no event shall any of the foregoing be located within a drainage easement or other easement except as expressly permitted in the Tuscan Documents and approved by the Association. These setbacks assume that any enclosure is built with a screen roof rather than a solid roof:

8. Notwithstanding anything to the contrary contained in these Rules and Regulations, there shall be a minimum two foot (2') setback requirement from the side yard lot line on the "zero lot line" side of a Home for that portion of any open patio, screen enclosed patio and/or pool deck that extends beyond the foot masonry wall extending from such "zero lot line" side of the Home (the "Privacy Wall"). In addition, if an Owner installs or constructs such open patio, screen enclosed patio and/or pool deck between two feet (2') and five feet (5') from the side yard lot line on the "zero

lot line" side of a Home, then a Hedge must also be installed by said Owner within the two foot (2') setback area along that portion of the open patio, screen enclosed patio and/or pool deck that extends beyond the Privacy Wall in order to provide a vegetative privacy barrier.

9. Except as expressly provided in this paragraph or the Tuscan Documents, no planting, landscaping and/or Improvements whatsoever shall be permitted within the Rear Yard Drainage Swale Easement. The Rear Yard Drainage Swale Easement shall be across the rear eight feet (8') of all "Non-Lake Lots" (i.e., a Lot in which no portion of such Lot is abutting any portion of a Lake or Lake Maintenance Easement) except for back-to-back Lots (i.e., where two homes share a common rear boundary line) in which event the Rear Yard Drainage Swale Easement shall abut a three feet (3') wide landscape buffer easement along the rear property line of the Non-Lake Lot, which is reserved for landscape and buffer purposes. The Rear Yard Drainage Swale Easement shall be for drainage and flowage of surface and storm water runoff and pipes and other ancillary equipment installed to provide for such drainage and flowage. Notwithstanding the foregoing, subject to approval from the Association, an Owner of a Non-Lake Lot that is subject to the Rear Yard Drainage Swale Easement may install a pool/spa deck, patio and/or screen enclosure within the Rear Yard Drainage Swale Easement on such Owner's Non-Lake Lot provided that such improvement is constructed in a manner that will not discharge surface or storm water runoff from such improvement onto any adjacent property (including, without limitation, any adjacent Owner's Lot or Association Property). In that regard, all such improvements approved to be constructed within the Rear Yard Drainage Swale Easement shall be designed and constructed in a manner that will provide positive conveyance of surface and storm water runoff from the rear of the Lot to the gutters located in the road right-of-way adjacent to the Lot. Such positive conveyance of surface and storm water can be achieved by a system that consist of natural elements such as a properly graded swale area that is maintainable with commercial mowing equipment, elements that included underground pipes and catch basins (yard drains) and/or installation of a commercial grade deck drain, among others (but in all events subject to the prior approval of the ACC). In addition, each Owner of a Non-Lake Lot shall have the right to seek approval from the Association for the installation of a fence across the Rear Yard Drainage Swale Easement to the rear property line of the Non-Lake Lot, subject to the terms and conditions of the Tuscan Documents and the prior approval of the ACC, and otherwise in accordance with the Tuscan Documents and the prior approval of the ACC.

ADDITIONAL GUIDELINES FOR ADDITIONS AND ALTERATIONS - FENCES

Without limiting the generality of the criteria included on Page 2 of these Rules and Regulations and without curtailing the right of the ACC or the Board in rejecting certain requests or employing judgment in evaluating requests, the following guidelines shall be considered when evaluating requests for fences. Note that, even in the event of strict compliance with the following guidelines, prior approval from the ACC shall be required for each and every fence installation:

1. Only certain styles of aluminum rail fences shall be approved.
2. No style of wood or chain link fence shall be approved.
3. No fence shall be approved or installed which encroaches into Association Property or other Lots.
4. No fence shall be approved which is not set back a minimum of 10' back from the front wall of the Home and at least 5' back from the sidewalk where applicable. No fences shall be attached to a neighbor's home. In considering requests for fence installations, the following may be taken into consideration: locations of air conditioning units; locations of garage access doors; and positions of adjacent Homes.
5. No fence shall be approved which extends in front of the front corner of a neighbor's Home where the two Homes are immediately adjacent to each other and where both Homes face the same direction.
6. Except for fences originally installed by Declarant, the only fence type allowed to be installed by an Owner shall be an aluminum, bronze-colored rail picket fence, with rails no wider than one (1") inch and spaced no closer than three (3") inches on center.
7. All fences shall have a height of five (5') feet. However, if the fence serves as a pool barrier and the requirements of Palm Beach County (the "County") provide for a minimum height of the fence in excess of five (5') feet, then the height of the fence shall be the minimum height required by County requirements and all other fencing on the Lot connected and tying-in thereto shall be the same minimum height required by the County requirements so that all fencing on the Lot shall have a common and uniformed height.
8. For fences installed on corner Lots whose rear property line is common with the adjacent Lot's side property line and/or whose side property line is adjacent to or visible from a road, a landscape hedge must be installed on the outer side of the fence within the Lot to provide screening.
9. For fences installed on corner Lots whose side property line is adjacent to a street or road, the approval from the County and the Association will be required for fences that will cross or be installed within any utility easement which runs along such side property line. Owner will be required to comply with any and all requirements of the County and the Association, including the execution of a removal agreement which will be recorded and run with the land. Any such fence may also require approval in writing by all utility companies occupying the easement.
10. No fence shall be approved which does not provide access to the Owner's neighbor for maintenance of the neighbor's zero lot line wall and roof overhang, if applicable.
11. For Lots with drainage easements, the approval from the County and the Association will be required for fences that will cross or be installed within any drainage easement. Owner will be required to comply with any and all requirements of the County and the Association, including the execution of a removal agreement which will be recorded and run with the land.
12. For any fence, if approved, the Owner shall assume the responsibility to maintain the fence, including trimming any grass or other plants from the fence.
13. For any fence, if approved, the Owner shall be responsible for the costs associated with any required removal, repair and/or replacement if that fence is erected on or adjacent to a lot line common with a Lot where the house is not yet under construction or, if under construction, not yet closed to the new Owner.
14. For any fence, if approved, the Owner shall be responsible to meet all County requirements and criteria including, but not limited to, proper permitting and surveying.

ADDITIONAL GUIDELINES FOR ADDITIONS AND ALTERATIONS – PERMANENT GENERATORS

Without limiting the generality of the criteria included on Page 2 of these Rules and Regulations and without curtailing the right of the ACC or the Board in rejecting certain requests or employing judgment in evaluating requests, the following guidelines shall be considered when evaluating requests for a permanent emergency generator and any underground propane storage tank and other appurtenances applicable to the permanent generator (collectively, a "Generator System"). Note that, even in the event of strict compliance with the following guidelines, prior approval from the ACC shall be required for each and every installation of a Generator System on a Lot:

1. **Location.** No above-ground portions of a Generator System shall be permitted to be installed within any portion of the front yard of a Lot. No portion of a Generator System shall encroach onto: (a) any Association Property, (b) any other Lot in the Community, (c) any easements benefiting or burdening the Lot including, without limitation, utility easements, drainage easements, lake maintenance easements and/or lake maintenance access easements, fence and hedge easement, wall and hedge easements or (d) drainage swales on the Lot. In addition to the foregoing, the locations of the various components of the Generator System shall otherwise comply with all Governmental Requirements. The location of the Generator System shall also comply with all applicable setback requirements set forth in the Association Documents and Governmental Requirements.
2. **Applications; Submittals.** All applications for Generator Systems shall include, in addition to other standard information: (a) the make, model, propane capacity and sound level ratings for all components of the Generator System, and (b) an indemnification and hold harmless agreement from the Owner(s) of the Lot in favor of the Association, the ACC and all other Owners. With the application for installation of a Generator System, the Owner shall be required to submit a survey to the ACC showing the general location and placement of all components of the Generator System, including any underground propane storage tank. The survey shall depict (i) the location of all components of the Generator System including, without limitation, the storage tank and the distances from the Home on the Lot and the Home(s) adjacent to the Lot on the side(s) where the Generator System or any portion thereof is to be installed, (ii) the size and layout of the slab that the physical generator will be installed on, (iii) the location of all easements and applicable setbacks affecting the Lot to show that no portion of the Generator System encroaches thereon, and (iv) the location and size and species of any screening to be installed to screen the above-ground portions of the Generator System as required below.
3. **Screening.** Generators shall at all times be screened from view by all adjacent Lot Owners and from the street. Screening may include the use of fences, walls or hedges, or a combination thereof, as determined by the ACC. Owner shall be required to submit a landscaping/screening plan to show proper screening of the Generator. Owner shall be responsible to maintain, repair and replace any fence, wall and/or hedges which may be approved as part of the screening requirements for the Generator System.
4. **Compliance with Governmental Requirements.** For any Generator System approved by the ACC, the Owner shall at all times be responsible to comply with all Governmental Requirements relating to the installation and use of the Generator System including, without limitation, applicable set-back requirements and maximum sound level restrictions. In that regard, all approvals for a Generator System shall require the Owner to obtain all necessary building permits and other approvals required by the Governmental Requirements. Regardless of an approval by the ACC, no Generator System may be installed or used without such building permits and approvals. No portion of an Owner's Security Deposit shall be returned to an Owner unless and until evidence satisfactory to the ACC of such compliance with Governmental Requirements has been delivered to the ACC.
5. **Underground Propane Tanks and Plumbing.** A licensed and insured LP gas contractor must be used to install any underground propane tank and any necessary plumbing.
6. **Maintenance.** All Generator Systems must be regularly and properly maintained, repaired and replaced, as applicable, by the Owner of the Lot on which such Generator System is installed.
7. **Required Removals.** For any Generator System, if approved, the Owner shall be responsible for the costs associated with any required removal, repair and/or replacement if the Generator System is erected on or adjacent to a lot line common with a Lot where the house is not yet under construction or, if under construction, not yet closed to the new Owner.
8. **Limitations.** Not all Lots in the Community may be able to have Generator System installed thereon due to, among other things, the Governmental Requirements, applicable set back requirements, location of easements and the configuration of the Lot. Accordingly, even if an application for a Generator System is approved by the ACC, there is no guarantee that a particular Lot will accommodate a Generator System thereon. Accordingly, each Owner shall be responsible to confirm that their Lot can accommodate a Generator System prior to making application to the ACC and/or applying for any necessary permits and approvals.

MAINTENANCE AND APPEARANCE OF HOMES

1. General. Each Owner shall keep and maintain his Home and Lot in good order, condition and repair, and shall perform promptly all maintenance and repair work within his Home and Lot which, if omitted, would adversely affect the Community, other Owners or the Association. Maintenance obligations are more fully defined in the Declaration.
2. Personal Property. The personal property of an Owner shall be stored inside his Home or garage and not be visible to surrounding neighbors or from Association Property.
3. Hurricane Season. Each Owner who plans to be absent from his Home during the hurricane season shall prepare his Home and Lot prior to departure by removing all furniture, potted plants and other movable objects, if any, from the covered patio or screen enclosure area and from the outside of the Home. The Owner shall also designate a responsible firm, person or individual satisfactory to the Association to care for the Home and Lot should it suffer hurricane damage and shall furnish the Association with the name of the designated firm or individual.
4. Hurricane Shutters. No hurricane shutters shall cover window or door openings, **at any time**, except during periods of a hurricane watch or a hurricane warning that impacts the Community. **Specifically, no shutters may be utilized until the National Hurricane Center ("NHC") issues a formal "hurricane watch."** Any removable tracks which have been installed by Declarant or approved by the ACC as part of a hurricane shutter package shall not remain installed on a Home other than during periods of a hurricane watch or a hurricane warning, **as defined herein**. An Owner shall remove any removable type of hurricane shutters attached to his Home immediately, **or no later than forty-eight (48) hours** after a hurricane watch or a hurricane warning has been lifted. In that regard, if an Owner installs removable hurricane shutters on his Home during a hurricane watch or a hurricane warning and thereafter leaves his Home, that Owner must either: (a) immediately return to his Home after the hurricane watch or hurricane warning has been lifted and remove such hurricane shutters from his Home **within forty-eight (48) hours**; or (b) make arrangements for another individual to remove such hurricane shutters from his Home immediately after the hurricane watch or hurricane warning has been lifted, **or, at the latest, within forty-eight (48) hours of said**. The installation of hurricane shutters, other than those provided by Declarant, shall require ACC approval. **At no time may any Owner implement hurricane shutters for any extended period of time extending passed the times permitted herein- i.e. as an additional security measure upon their extended absence from their property. Such unauthorized use of hurricane shutters and/or door and window coverings shall subject an Owner to fines and suspensions as outlined in the governing documents.**
5. Window Decor. Window treatments (drapery, blinds, decorative panels or other tasteful window coverings) are permitted. No newspaper, aluminum foil, sheets or other temporary window treatments are permitted, except for periods not exceeding two (2) weeks after an Owner first moves into a Home, or when permanent window treatments are being cleaned or repaired.
6. Landscape Material. No trees, shrubbery or landscaping shall be altered or removed from Lots without prior written consent of the ACC. No additional trees, shrubbery or landscaping are permitted to be planted by an Owner on the Lot or Association Property without the prior written consent of the ACC. All hedges shall follow the fence setbacks and height limits established for fences.
7. Alteration of Drainage. No sod, top soil, fill or muck shall be removed from or added to Lots without prior written consent of the ACC. No change in the condition of the soil or the level of land shall be made which would result in any permanent change in the flow or drainage of surface water within the Community or on the Lot.
8. Outdoor Furniture. Outdoor furniture shall be permitted only in the **front of Lot, if home model provides for "porch" or overhang area, and in** rear yard of a Lot, provided the Owner assumes the responsibility for maintenance, including the control of mildew, rust, wood rot and deterioration of equipment components.
9. Air Drying. No linens, cloths, clothing, curtains, rugs, mops, laundry of any kind or other articles shall be hung, dried or aired from any window, door, fence or balcony in such a way as to be visible to any other Owner. Clotheslines may be approved if reasonable in size, style, location and effectiveness with respect to appearance from adjacent lots and rights of way.
10. Basketball Hoops. Temporary or mobile basketball hoops shall be permitted provided that they are located such that the base and rim are entirely within the Lot and at all times located and stored in the driveway at a location which is no closer than midway between the garage door and the front property line.

AMENDED RULES AND REGULATIONS

TRAMPOLINES

These Rules and Regulations regarding the use and location of trampolines are designed for the mutual benefit of all Owners. The mere fact that the Association has established rules regarding the use of trampolines on privately owned Lots should not be read, viewed, understood or taken as Association approval of the use or placement of any trampoline. These rules regarding trampolines are in addition to Rule 10 of the Additional Guidelines for Additions and Alterations titled "Play Equipment".

1. Approval

- a. No trampoline shall be installed or otherwise placed on the Lot of any Owner without the Owner first submitting an application and receiving approval from the ACC in accordance with the procedures outlined in Article VIII of the Declaration and the Rules and Regulations of the Association. Such application should include the make, model and specifications of the trampoline, a picture of the trampoline, and the intended designated location for placement of the trampoline on the Lot and such other requirements as may be set out herein, and as requested by the ACC and/or the Board.
- b. By submitting a request to the ACC to review and approve the placement of a trampoline on a Lot, the Owner shall be deemed to have automatically agreed, by virtue of such request, to hold harmless and indemnify the Association, its Developer, Board Members, Officers, ACC Members and the Declarant for any and all expenses, costs, fees, fines, attorney(s)' fees, expert fees in any and all actions, judicial, municipal, legal or appellate, that may arise from the use and/or placement of the trampoline.
- c. By submitting a request to the ACC to review and approve the placement of a trampoline on a Lot, the Owner shall be deemed to have automatically recognized that use of a trampoline is an inherently dangerous activity, and the ACC's approval of the placement of the trampoline is in no way an indication of acceptance of responsibility for, or liability by, the ACC, the Board and/or the Association.
- d. The ACC, in its sole discretion, may, upon application of any Owner in accordance with this Rule, permit the trampoline to be placed on the Owner's Lot. Each submission will be evaluated separately, on a case by case basis. The permitting of a trampoline on an Owner's Lot by the Board does not prohibit the Board from denying the placement of a trampoline on another Owner's Lot under similar circumstances.
- e. All ACC approvals are and shall remain contingent upon each Owner ensuring that upon issuance of a tropical storm, hurricane or severe weather watch or warning the approved trampoline is stored indoors.

2. Use

- a. Use of the trampoline by anyone under the age of eighteen (18) is prohibited without adult supervision.
- b. No trampoline may be used unless the safety net is properly installed and in use.

3. Placement

- a. The placement and use of a trampoline is only permitted in the back yard of the Lot.
- b. No trampoline is, or shall be, permitted on a Lot that is not completely fenced in.
- c. No trampoline shall be located within any required setback, and/or easement including, but not limited to, the lake maintenance, utility, drainage or access easements.

4. Materials

- a. All trampolines must be constructed with heavy duty steel tubing and must not show rust on the exterior.
- b. All trampolines must include a safety net designed to prevent the user from falling off.
- c. All trampolines must be capable of being stored indoors.

5. Remedies

- a. In the event the Owner does not properly care for or otherwise maintain the approved trampoline and the area immediately adjacent to and/or under the approved trampoline, then, after five (5) business days written notice sent to the Owner, the Association shall have the right, but not the obligation, to remove the approved trampoline from the Owner's Lot and dispose of the removed trampoline in a proper trash receptacle and/or the Association may perform such lawn care maintenance around and under the trampoline.
- b. All fees and costs related to the enforcement of this Rule, including, but not limited to, attorneys' fees, Trash disposal, and lawn maintenance, shall be collectible by the Association in a manner similar to Assessments including, without limitation, the right to lien and foreclose the Owner's Lot.

HOMEOWNER REQUEST FOR CONTINUATION OF FINING/SUSPENSION PROCEDURE

In instances where an Owner is experiencing extenuating circumstances and chooses to request a continuation of the procedures following issuance of a notice of violation/noncompliance by the Association and/or grievance committee, seeking additional time to come into compliance, the continuation process will be conducted as follows:

- a. Upon receipt of the written notice of violation/noncompliance by an Owner, but no later than ten (10) days after the postmarked date on the envelope sent, containing the written notice of violation/noncompliance, Owner may submit a written request for continuation, explaining and outlining the extraneous circumstances requiring suspension of the violation procedures, allowing Owner to correct the deficiencies at issue without incurring fine(s) and/or suspension(s).
- b. Such extraneous circumstances may include, but are not limited to: financial hardship, health/medical issues, hospitalization, emergencies, exigent circumstances, etc., but shall not extend to situations wherein an Owner is a transient resident, landlord, and/or otherwise fails to properly review mail sent to the Home/Lot address.
- c. Supporting evidence showing Owner's attempt to correct the violation/noncompliance, and evidence of Owner's inability to correct the violation/noncompliance may be provided, including, but not limited to, a proposed modified time line for mitigation of the violation/noncompliance, estimates and/or proposals for the mitigation of the violation/noncompliance, etc.
- d. A written request for continuation must be delivered to the Property Manager no later than the time required pursuant to subsection (a), above.
- e. The grievance committee shall review the request, taking into account the scope and magnitude of the violation (i.e.- trash/debris removal versus repainting of a home), whether it requires professional services for mitigation, and/or any additional possible factors to permit a continuation, as determined, and in the sole discretion of, the grievance committee.
- f. Upon the grievance committee's review, it shall render it's written recommendation, and the Board shall review same, providing final approval or denial as outlined herein.
- g. Within fifteen (15) days of receipt of the written request for continuation, the Board shall issue a written response to the Owner, and said response will be mailed to the Owner of record.
- h. If a continuation pursuant to this Rule is granted, then the Board's response shall include the date of required completion and mitigation of the offending conduct, violation and/or noncompliance. If Owner fails to comply with the Board's date for compliance, then another violation notice shall issue, and Owner may not utilize the continuation process for such continuing violation/noncompliance, and the procedures governing fining in the Declaration shall control.
- i. If an appeal pursuant to this Rule is denied, then the Board's response shall include the denial, along with the required notice for hearing on the continuing violation/noncompliance to levy a fine/suspension, set no less than fourteen (14) days from the date of denial, and the procedures governing fining in the Declaration shall control from the date of denial, forward.
- j. Violation hearings and fine imposition shall be suspended from the time the written request for continuation is received by the Property Manager up and through the date the Board issues a written response to the Owner.
- k. The grievance committee and/or the Board, at its sole discretion, may suspend the rights of an Owner under this Rule, requesting frivolous requests for continuation and/or otherwise abusing the continuance process. Written notice of the suspended rights under this Rule will be sent the Owner and remain in effect up and until the subject violation/noncompliance issue is mitigated and proof of such compliance is provided to the Property Manager, Board, and/or grievance committee.
